

## **FOREST ECOSYSTEMS FUNCTIONING AND CONDUCTING OF FORESTRY IN THE ZONES OF ABSOLUTE ALIENATION**

**S. P. Irklienko, V. A. Buzun, A. G. Dmitrenko, F. N. Turchak**

The main regularities of forest ecosystems functioning in the zone of absolute alienation were shown. The radiocontamination mozaicity of forest ecosystems was underlined. Regularities of  $^{137}\text{Cs}$  accumulation in the wood of the main arboreous species were analyzed. The detailed measures of foresry conducting and forests rehabilitation were proposed.
